**Bad Myths - Good Myths - a Review of  
Christ Mythicism**

Peter Marchant is a researcher and thinker, largely occupied with the study of the origins of Christianity. His first book, *3 Peter: A Sceptic's Guide to the Origins of Christianity* was intended as an introduction to the subject.

That Jesus was a historical figure is increasingly called into question and a great variety of theories have been employed to explain the Christ Myth. Mr Marchant is concerned that many of these are suspect and do disservice to this important area of research. It is therefore important to separate the sheep from the goats.

He will summarise his own position at the end of the talk.
